Dear Ladies,

Greetings from France with a very changeable climate this year, and I hope that this finds many of you doing better, especially those with whom we are in contact with that have been sick or have lost loved ones. I have had a shot in the right elbow and right shoulder for problems with the tendons and am being sent to physical therapy twice a week for twelve times. The shots have helped and I am certainly thankful for that. I had fallen back in August on my right arm and shoulder and that didn't help anything.

I continue my studies with Amelie. Cindy had to stop as she is working and going to school and it got too much for her. She is the Florist. The other florist moved outside of Paris so she isn't studying either. On Saturday mornings and other days during school breaks I'm still studying with Natalie and her Mother Lai

does my ironing while I study with Natalie. That has been such a blessing because of the "Tennis Elbow".

It was nice having Christopher Ray and Garrett Turner, and a visit from Aisha et Juliana from the 12th neighbourhood in Paris. This is Michaela's brother and sister in law. Michaela used to live in Paris and was one of our members and is now married to Loic and lives in Lyon, France and we still miss her here.

Pamela McAdams visit is always welcomed and she was a great help to me on the trip for the ladies retreat. There were 80 ladies there and the Sisters from Geneva did a wonderful job and I enjoyed returning and staying at the Villa Emmanuelle where I hadn't stayed for several years. The Theme was on Louange which is Praise for the retreat. I told the man who ran the Villa that I knew his parents in the 80's.

I especially enjoyed being in Strasbourg with Tammy and Gail and family. Tammy, Gail and I went shopping in Germany together and it was so much fun. I got some bird seed so much cheaper than in France and other foods too. I was happy to be there in their home and be able to participate when they welcomed the parents for the meeting with their contacts in their home.

Meeting their Turkish neighbours was very interesting and while the men went to a pizza place we ladies had supper together at Tammy's house.

It was great to see Paul and Edie and have them come for a meal while they were here. Edie gave me a beautiful pair of earrings which I am enjoying. I miss their fellowship here in Paris.

Was happy to go to Franck's and Liva's place and have Denise with us. We had a good visit and study then I had my study with Amelie after getting home that evening. Please pray for all the work that has to be done here with the changing of pipes and chimney, especially that it will go well and be safe for all. It is going to be messy here and I hope we have things pretty much back to place and in order after the painting is done from the damage of taking pipes down and new ones put up. Am getting company in April from Baird, TX and am looking forward to that and also our company from Tennessee coming in April.

Thanks for the prayers for all the sick here, especially the victims of cancer. (Nodia, Neela, Cirline) Jean had a kidney transplant and needs prayers also. Our Gabrielle had tubes put in her ears as she was having ear infection about every three weeks. She seems to be doing real good now.

I can hardly wait to get to see many of you on our furlough trip to the U.S. this Summer starting on June 1st and we will be back in Paris God willing on Sept 8th.

We were able to have the Dedeyan family here and Brother Sam Freesmeyer for a meal and enjoyed the time together on a Sunday afternoon. We knew Sam from previous visits to Paris and the Deodat assembly.

I am planning on doing a class for the ladies here on "Colors in the Bible" and this will be either in April or May depending on whether one sister will be able to be here to teach. I found it very interesting to see what some colors symbolized in the Scriptures. I hope that the ladies here will enjoy that too.

I want to thank you all who have been praying for my health too. I will have physical therapy for my back as I have a double scoliosis and problems from osteoarthritis and rheumatoid arthritis.

My last study with Cindy was on Jan 19th for the moment. Pamela shared some Bible material for my children's classes and we worked on more material for that. I got a perm on the 5th of January and have gotten the girls at school on the 26th and had the three grandkids here to stay on school vacation.

I had to see a Dr Renard a rheumatologist on the 6th and 24th of Feb. She is who sent me to the physical therapist after helping me with the painful tendons.

It is with a grateful heart that I write and thank each one of you for their love for the lost and your support in so many ways for our family.

In Christian love,
Rose

Welcome Home Colin
