SIMON'S DECEMBER REPORT From French Speaking Cameroon

Dearest Brethren,

We first of all thank our Heavenly Father to have permitted us to see the whole past year especially as he was leading us day after day. We would like sharing with you the good time we spent over here. As scheduled, God did bless the 3 days retreat of our sisters from the 21ST to the 23th of December and one of the good news is that as they made the teenagers girls to join them, one of them named Raissa was down with cyst disease and there was really no money yet to bring her for surgery after the many tests needed which the brethren contributed to have all done. The sisters just lifted her into the able hands of Our Tender Father among others requests, and after

they closed with their program, it was then possible for her to be operated financially speaking, but the doctor had to make another x ray which showed then minor cyst instead, and they just prescribed her drugs. So this made all the Church though some were absent, to enter the general program we had from the 30 TH of December TO THE 1st of January with relieved hearts. Apart from the teaching we had those days , the practical aspect especially for the workshop organized by the youths, that was to teach us through a sister how to make natural juices with different kinds of flavors, was interesting.

The particularity during those days we spent together, days and nights, created a more tied relationship in term of closeness among those who were present. We have to do altogether. For example, the cooking, walking for a distance to go and carry out water, singing and resting the eve and eating together on the 1st as those pictures can give you a glance. Thank you very much as we couldn't reach all these without your partition either materially or immaterially, such as your constant prayers and another results of them is that our new sister Alvin who disappeared has just appeared. Please do not forget lifting to Our Father this year all the challenges we are already facing this new year such as my eyes problems and the doctor said that the cause is the dust which seems to be difficult for me to avoid and this is the very first things I should not be in contact with. So every two weeks, I have

to travel to meet a specialist in another town and for almost two months, I have been going there and the change is seeing gradually thought weak but ophthalmologist does not tell me how long I will be going back. Please pray also for the worship place we are building as the place where we worship is becoming more and more small because of the attendance which has raised at almost up to 70 people when all come on Sunday worship, and still we do not yet have all ready to start with the building up of the walls. May our Lord continue to abide with you richly.

In Him,
Simon
