*Once more we in Ellabell have dodged the damage
from a hurricane. Please be in prayer for those who
did not.*

REPORT FOR THE MONTH OF
AUGUST 2016 (TOMEKPOT JR)

My very dear Christian brothers and sisters, May the grace of God continue to reach each and every one of you richly. We are so grateful to God for seeing us through the month of August, an important month that signals the commencement of academic calendars of some academic institutions across the globe. I thank

*Bring Items for the Pantry. It is about
empty*

God so much for the month, because God granted be me the grace to reach the golden age of 50 years. Thank you all for your prayers and well wishes. I pray I should dedicate my entire life and possession for the work of God, as I don't know how many years remain for me.

From August 2nd through 5th, I was at the North East of Nigeria (Gombe State), preaching and teaching each day. Congregations around this area organized a revival to encourage the Christian to see the need to push ahead despite the current political and security challenges. I thank God because the program went well without interruption from Islamic militants. This took place in two congregations, three days in

Kaltungo and a day in Gombe town (See their picture below). To the praise of God, a Muslim was converted at Katungo (See his picture below). My worry was where this young convert was going to stay until his people forget about him, to avoid them

people killing him, because in Islam, when one becomes a Christian, he/she will be killed even by his/her own people. The congregations in this locality are equally thinking of their safety amid the current upheavals. Pray for them and this new Muslim convert. He wants to know the Bible and even reach out to others Muslims.

At the School of Biblical Studies, we resumed on the 8th of August for the Fall Semester of 2016/17

academic session. Several new candidates came to be trained for mission work, but sadly enough, because of the limited space and the dwindling economy, we only admitted 30 of them. It pains my heart to see several young men turned away, not because they are not qualified, but because we have no space and facilities for them. I pray the school will grow to a point when people who desire to become preachers will all be absorbed for training. Keep praying for us. For this semester, I will be teaching 7 courses, 17 credit hours a week. This makes me so busy in addition to counseling of students. I know the grace of God is sufficient. Our annual preachers' workshop comes up 29-30th September. Pray along with us for the success of the program.

This month of September, I want to take my students on weekly basis to Foron villages on weekend door knocking. For some times now, our door knocking does not reach the interior villages of Foron because of security challenges. But by the grace of God, there is some kind of relative peace in the region, and we have open door to reach the area with the Gospel. The young congregations are doing well spiritually. The present economic difficulty has once again pushed people to recline on God not on themselves. I pray that Nigeria will emerge out of the recession successfully, so that common people can survive.

Our effort in sustaining the small congregation at Mazah continues. At the end of this rainy season, we want to roof our meeting place. The earlier estimate cannot work because of the economic challenges that cause the prices of things to double in the country. Brethren, I am really grateful to God for using you to do this great work in Africa. May God bless you all.
